

A background image of a stethoscope resting on a medical chart with a grid and the word "Line" visible. The image is framed by a yellow and white border.

Cerification Course on Medical Coding

Medical Coding

Certified Professional Coder (CPC)

Industry Expectations

- Effective Communication
- Knowledge of CPT, HCPCS, ICD-9, ICD-10 coding protocols
- Proper knowledge of regulatory standards
- Ability to understand and apply applicable rules, regulations, policies and procedures
- Maintaining good relationship with clinicians and patients

Doctors use Complex Medical terms

Insurance Companies find it difficult to decide on reimbursement of patients and doctors

Medical Coders translate those complex medical terms into **standardised numeric and alphanumeric codes**
